AI Report Analysis

We analyzed your search presence for "air duct cleaning san antonio" across a 5-mile radius using a 9x9 grid. Across 81 distinct data points, you appeared in 65 of them, resulting in an 80.25% search presence. However, your Share of Local Voice (SoLV)—the critical metric for appearing in the top 3 spots of the Local Pack—stands at 48.15%, indicating significant room to capture more high-intent traffic.

Your performance is currently defined by a sharp geographical divide. You have established a strong market position in the North and Northeast regions, where you boast an impressive 1.8 average total rank position (ATRP). Conversely, you face a critical visibility gap in the Southwest, where your ATRP slips to 20. Bridging this regional disparity is vital, as is addressing the dominance of competitors like Go Air Duct Cleaning San Antonio. While your 4.8-star rating is a major asset, you are currently being challenged by the sheer volume of reviews held by rivals like Patriot Dryer Vent Cleaning. By leveraging your superior rating to highlight quality, you can effectively challenge these competitors for top-tier placement.

To move forward, we must capitalize on your regional successes while systematically addressing the visibility drop-off in the southern quadrants. We recommend focusing on targeted local signals to improve your standing in the Southwest and deploying strategies to increase your review velocity, which will help close the gap with high-volume competitors.

Recommendations

-  **MAJOR** In the southwest region, you are struggling with a 20 ATRP. [Research this regional performance gap with Falcon Assist.](#)
-  **MINOR** While you have posted recently, maintaining a consistent posting schedule is vital for engagement. Ensure you are sharing updates at least weekly to keep your profile fresh.
-  **MINOR** Several competitors like 'Go Air Duct Cleaning San Antonio' include the target keyword in their business name, which provides them an intrinsic ranking advantage. Focus on building high-quality local citations to offset this naming bias.
-  **MINOR** Explore these related search terms to identify new content opportunities: 'Air duct cleaning san antonio prices', 'Residential air duct cleaning san antonio', and 'Best air duct cleaning san antonio'. [Scan this keyword](#)
-  **MINOR** Address common customer questions like 'How much does duct cleaning cost in San Antonio?' and 'Is air duct cleaning really worth it?' in your website FAQ. [Check AI Mode](#)
-  **MINOR** Your website is not appearing in the top organic results while competitors like TexFlow and Supreme Air are. Invest in local SEO-focused blog content to improve your organic visibility.
-  **MINOR** With 291 reviews, you have a strong base, but competitors like Patriot Dryer Vent Cleaning have over 1,000. Implement an automated review request campaign to close this review count gap.

- ❗ **Patriot Dryer Vent Cleaning** - They have a massive review count of 1,147; leverage your high 4.8 rating to highlight quality over their sheer volume.
- ❗ **Advanced Air Duct Cleaning San Antonio Co.** - They have an 18.52% SoLV; focus on your 48.15% SoLV advantage to solidify your position as the local leader.
- ❗ **Texas Air Repair** - With a 14.81% SoLV, they are a mid-tier competitor; continue optimizing your local signals to keep them behind you in the rankings.

Already Complete

- ✓  **MAJOR** In the north region, you dominate with a 1.8 ATRP. Maintain this momentum by continuing to provide excellent service to this high-performing area.
- ✓  **MINOR** Your business description is currently active, which helps provide context to potential customers and search engines about your services.
- ✓  **MINOR** The Local 3-Pack is appearing in Google Search results for 'air duct cleaning san antonio'. This confirms that local businesses have prime visibility opportunities in this SERP, and your grid scan metrics (SoLV: 48.15%) show you are capturing that visibility nearly half the time.
